Re: Second Written Request for Annual Reports for the Years 1990 thru 1995, Tomo 4 Mine,
S/041/015, Sevier County, Utah

Dear Mr. Christensen:

As of this date, we have not received your annual report for the Tomo 4 mine, file number S/041/015, located in Sevier County, Utah. A phone call was made to your home on March 21st and a message was left with your mother. We have had no response to the phone call, nor have we had any report from you since you filed your Notice in 1990. We contacted the BLM and they informed us that there is disturbance at the mine site.

The Utah Mined Land Reclamation Act, Title 40-8-15, subsection (2) and Rule R647-3-116.1 of its interpretive rules, require a mine operator to file an annual report with this Division by January 31st of each year. This report is required regardless of mine activity, unless the Division grants a written waiver from the annual filing requirement, or the operator receives a formal release from continued reclamation obligations from the Division. Your failure to file this report, may constitute a violation of the Mined Land Reclamation Act, which could result in the issuance of a Notice of Noncompliance and/or a formal Notice of Agency Action.

We assume that your failure to return the completed annual report form was an oversight. Accordingly, we are once again requesting that you submit the required report to this office. Please return the enclosed annual report form no later than April 15, 1996. Please contact me or Lynn Kunzler of my staff if you cannot meet this deadline or have questions or concerns in submitting the report. Thank you for your cooperation and prompt attention to this matter.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
